***8th Australasian Newborn Hearing Screening
Conference (ANHSC 2015)***

“Screening for the Future”

***19-20 June 2015
SMC Conference and Function Centre
Sydney, Australia***

The Australasian Newborn Hearing Screening biennial conference presents Australasia's best opportunity to discuss trends in the newborn hearing screening sector, hear about national and international initiatives, and participate in thought provoking workshops showcasing the innovative ways in which professionals respond to the challenges they face in continuing to deliver high quality and newborn hearing screening and related programs.

The Conference program will include keynote presentations by Dr Christie Yoshinaga-Itano as well as a wide range of presentations about national and international research and practice.

The Call for Papers has been extended!

All abstracts, biographies and photos are due Friday 20th February 2015. All submissions will be reviewed by the Planning Committee and notices of acceptances will be sent by Friday 13 March 2015.

More information can be located on the ANHSC Conference website:
